

# WHAT IS THE TRINITY COUNTY RCD?

A Special District of the State that works with all agencies and individuals for the betterment of our county

Receives no base funding from local, state, or federal governments

Must apply for most funding through a competitive grant process, through numerous entities, which varies each year

Has no regulatory authority

Is governed by a Board of Directors who volunteer their time, and are landowners in Trinity County

## SUPPORT THE DISTRICT!

Support local conservation by making a donation. Go to the District website and follow the “Donate” button.

Contact our office for other donation options.

### Emphasis Areas:

- Scholarships for high school students pursuing degrees in natural resources
- Weaverville Summer Day Camp
- Trails
- Forest Health/Fuels Reduction
- Watershed Health/Sediment Reduction
- 6th Grade Environmental Camp
- Weaverville Community Forest
- Young Family Ranch

*If a donation does not specify a particular area it will be allocated to the program with the most need.*

---

### MISSION STATEMENT

To assist in protecting, managing, conserving, and restoring the natural resources of Trinity County through information, education, technical assistance, and project implementation programs.

---

### VISION STATEMENT

Trinity County Resource Conservation District envisions a balance between utilization and conservation of our natural resources. Through economic diversity and ecosystem management, our communities will achieve and sustain a quality environment and healthy economy.

# Trinity County Resource Conservation District

The Trinity County Resource Conservation District focuses on land, water, and related resource problems, develops programs to solve them, and enlists and coordinates help from public and private sources to accomplish our goals. The District works to advance conservation education in the community, coordinating educational programs, and serving as a community-clearing house for information and services.

The District works with the following organizations through management and stewardship agreements to provide a unified approach and integrated solutions to protect, manage, conserve, and restore our natural resources.

The Trinity County Resource Conservation District provides technical and educational assistance, and collaborates with property owners/managers and other stakeholders to identify and achieve natural resource and agricultural goals. While our program areas are shown separately, our departments and staff regularly reach across program lines to ensure the long-term sustainability of our mission. This integrated approach within our organization provides the foundation for the collaborative quality of District interactions with all of our partner agencies and stakeholders.
